

Driver Profile

Driver: Brian Green
Country: New Zealand
Co-Driver: Fleur Pedersen
Country: New Zealand
Team: Brian Green Motorsport

Brian Green is the longest serving driver in the APRC - and although he might also be the oldest, that doesn't mean he's slowest!

Far from it and in 2007 'Greenie' finished 3rd in Malaysia and 2nd in China, to finish 4th overall in the drivers championship. Green is also one of the busiest rally drivers in the world competing last year in the APRC, The Chinese Rally Championship and two events in the World Rally Championship - Rally Ireland and Rally GB.

As ever in 2009, Fleur Pedersen will be calling the notes and making sure that her 63 year-old driver continues at "flat chat!!"
